

Affordable Language Services Ranked 12th among World's On-Site Interpreting Companies

Independent market research firm Common Sense Advisory recognizes Affordable Language Services as a leader in the on-site interpreting global industry

(Blue Ash, Ohio) – Affordable Language Services announced today its official ranking as one of the largest On-Site Interpreting companies in the translation and interpreting industry, per a report issued in September 2015 by independent market research firm Common Sense Advisory (CSA Research). The report, titled "Top 20 On-Site Interpreting Companies: 2015", ranked Affordable Language Services as a #12 top-grossing on-site interpreting companies in the \$3.2 billion global market for on-site language services, and the 6th largest in all of North America.

Started in 2000 by Lynn Elfers upon her return from missionary work in Costa Rica, Affordable Language Services has grown to be one of the Country's largest language companies and serves a diverse group of corporate, institutional, and government customers.

Founder and CEO Lynn Elfers stated: "I am thrilled and happy with our company being recognized as one of the top providers in North America. This is due to the hard work and high quality of our interpreters and office staff. Our mission is to improve the lives of others through effective communication and our focus on this continues to result in satisfied customers. I want to thank my team for their help in achieving this success."

CSA Research founder Don DePalma comments "The market for outsourced language services and supporting technology is immensely important to the businesses, government agencies, non-profits, and individuals that produce or consume information. He also states, "As organizations both large and small

address more languages, we predict that the total language industry will continue to grow and that the global language services market will increase to US\$17.3 billion by 2019.”
